Illustration to explain the methodology for charging of fees and charges

Please note that the sample portfolio and the calculations given below are only illustrative. They may be used primarily to understand how the fees and charges are levied on the portfolio. The actual fees and charges applicable to each client's portfolio may vary from the illustration.

The assumptions for the illustration are as follows:

1. Size of portfolio: ₹ 50 lakhs*
2. Period: 1 year.
3. Brokerage, Securities transaction tax etc. charges are assumed to be at 25 basis points for the year. However, in actual practice charges are a function of the volume of purchase/ sale trades and therefore may differ from strategy, period to period etc.
4. Management fee 1.25% p.a. shown below as charged at the end of the year, in actual practice may be charged monthly/quarterly, depending on fee schedule signed by the investor.
5. Hurdle Rate: 15% of the amount invested for the first year.
6. Performance fee to be charged at 20% of profits over hurdle rate subject to High Water Mark at the end of each portfolio account's inception anniversary or financial year end i.e. 31st March of every year.

Scenario 1: Performance fees applicable: Gain of 20% at the end of 12 Months/ Financial Year end

Nature of Fees	Amt ₹	Amt ₹
Capital Contribution*	50,00,000	
Less: Any other fees (please enumerate)	-
